IMPORTANT NOTICE: In order to provide a more manageable solicitation, the State has opted to issue a complete new document. This approach has been selected in an effort to ensure the clarity of the contract documents during both the “Pre-Award” and “Post Award” phases of this procurement. Prospective Offerors should discard the original solicitation document and use this document when preparing their on-line bids.

In an effort to assist your review of the amendment, we have endeavored to highlight changes in yellow. To use this feature, Offerors will need to view the electronic version of this document.

Despite our best efforts, there is a chance that a change was inadvertently left unhighlighted. Therefore, Offerors are cautioned that they are responsible to review the content of the entire document and cannot rely detrimentally on highlights identifying all changes.

Refer to the last pages of this solicitation entitled “Questions & Answers” for additional information concerning this solicitation.

Questions regarding the original solicitation or any amendment must be received by the Procurement Officer no later than five (5) days prior to opening unless an earlier date is stated on the Cover Page. Label any communication regarding your questions with the name of the procurement officer, and the solicitation's title and number. Oral explanations or instructions will not be binding. [See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. See clause entitled "Duty to Inquire." **We will not identify you in our answer to your question.** (b) The State seeks to permit maximum practicable competition. Offerors are urged to advise the Procurement Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. [See R. 19-445.2140] [02-2A095-2]

QUESTIONS FROM OFFERORS - AMENDMENT (Modified)

This solicitation is amended as provided herein. Information or changes resulting from questions may be shown in a question and answer format. All questions received have been reprinted and added at the end of the solicitation. The "State's Response" should be read without reference to the questions. The questions are included solely to provide a cross-reference to the potential Offeror that submitted the questions. Questions do not form a part of the contract; the "State's Response" does. Any restatement of part or all of an existing provision of the solicitation does not modify the original provision except as follows: underlined text is added to the original provision. Stricken text is deleted.

REJECTION/CANCELLATION (JAN 2004)

The State may cancel this solicitation in whole or in part. The State may reject any or all proposals in whole or in part. [SC Code Section 11-35-1710 & R.19-445.2065] [02-2A100-1]

RESPONSIVENESS/IMPROPER OFFERS (JUN 2015)

(a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.

(b) Multiple Offers. Offerors may submit more than one Offer, provided that each Offer has significant differences other than price. Each separate Offer must satisfy all Solicitation requirements. If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.

(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]

(d) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].

(e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.

(f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed

to vary any of the provisions of the solicitation. S.C. Code Ann. Reg. 19-445.2077(D).

DISCLOSURE OF YOUR BID / PROPOSAL and SUBMITTING CONFIDENTIAL DATA (FEB 2021)

(a) According to Section 11-35-410, any person submitting a document in response or with regard to any solicitation or other request must "comply with instructions provided in the solicitation for marking information exempt from public disclosure. Information not marked as required by the applicable instructions may be disclosed to the public." **IF YOU IDENTIFY YOUR ENTIRE RESPONSE AS EXEMPT FROM PUBLIC DISCLOSURE, OR IF YOU DO NOT SUBMIT A REDACTED COPY AS REQUIRED, THE STATE MAY, IN ITS SOLE DISCRETION, DETERMINE YOUR BID OR PROPOSAL NONRESPONSIVE AND INELIGIBLE FOR AWARD.** (b) By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page, or portion thereof, of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page, or portion thereof, was redacted and conspicuously marked "Trade Secret" or "Confidential" or "Protected", (2) agrees that any information not redacted and marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. (c) If your offer includes any information that you claim is exempt from public disclosure, you must submit one complete copy of your offer from which you have removed or concealed such information (the redacted copy). Except for the information removed or concealed, the redacted copy must be identical to your original offer. (d) Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If only portions of a page are subject to some protection, do not redact the entire page. The redacted copy must reflect the same pagination as the original and show the empty space from which information was redacted. The Procurement Officer must be able to view, search, copy and print the redacted copy without a password. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. (e) On the redacted copy, you must identify the basis of your claim by marking each redaction as follows: You must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that you redacted and claim as exempt from public disclosure because it is either (1) a trade secret as defined in Section 30-4-40(a)(1) of the Freedom of Information Act, or (2) privileged and confidential, as that phrase is used in Section 11-35-410. You must separately mark with the words "TRADE SECRET" every page, or portion thereof, that you redacted and claim as exempt

from public disclosure as a trade secret pursuant to Section 39-8-20 of the Trade Secrets Act. You must separately mark with the word "PROTECTED" every page, or portion thereof, that you redacted and claim as exempt from public disclosure pursuant to Section 11-35- 1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. (f) In determining whether to release documents, the State will detrimentally rely on your redaction and marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "Protected". By submitting a response, you agree to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that you have redacted or marked as "Confidential" or "Trade Secret" or "Protected". (All references to S.C. Code of Laws.) [02-2A125-3]

III. SCOPE OF WORK/SPECIFICATIONS

There are two (2) attachments to this solicitation that describe the specifications for this type of bus.

1. Type C Regular Bus Specifications 2022 (All Types) **Amendment 1**
2. Type C Regular Bus Specifications 2022 (Propane) **Amendment 1**

The Type C Regular Bus Specifications 2022 (All Types) **Amendment 1** are required for all of the Type C Regular Buses. The specifications noted in parentheses by engine type – in this case, Propane - are in addition to the (All Types) specifications. Each Offeror is responsible for reviewing the specifications for the Propane bus and ensuring that their offer is in complete compliance with those specifications. Offers received that do not meet the requirements of the specification documents will be considered nonresponsive.

ALTERNATE OFFERS/CONFIGURATIONS – Alternate offers of bus type, bodies or engine configurations are not being accepted or considered. Submit offers for each line item only as specified in the associated specifications document for that line item.

General Provisions of Specifications:

Proviso:

1.19. (SDE: School Bus Purchase) Any procurement of school buses with funds appropriated in this act or any other appropriation bill must meet specifications developed by the School Bus Specification Committee as established by the State Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

STANDARDS COMPLIANCE:

The scope of this contract is limited to school buses as specified herein. These buses will be used primarily for transporting school children to and from schools and for other various related school and State functions involving children and adults. Therefore, bidders are required to assure that the buses and equipment offered fully comply with all applicable safety standards for said applications including, but not limited to, Federal Motor Vehicle Safety Standards, 2015 National Congress on Pupil Transportation and the South Carolina School Bus Specifications. The buses under this contract will be ordered primarily by the South Carolina Department of Education.

PILOT MODEL INSPECTIONS:

The State requires that a pilot model (complete unit) of each bus configuration ordered be made available for inspection within **120 180** days after issuance of initial purchase order by the State.

Strict compliance with all specifications is expected and units will be thoroughly reviewed for compliance at inspection.

The SCDE contract administrator, on behalf of the State and other using entities, shall certify the pilot model meets all requirements of the specifications. Repairs will not be allowed on pilot models until inspection by the State is complete.

All pilot model inspection requests must be submitted in writing to the SCDE contract administrator. **The SCDE shall be the sole approver of all pilot model(s).**

The initial pilot model inspection will be in Columbia, SC at a site designated by the State or at the contractor's location of choice. If pilot model inspection is at a location other than Columbia, SC the contractor will be responsible for all travel, lodging and expenses for up to three (3) state inspection committee members. If pilot model inspection is to be held in Columbia, SC the contractor will be required to deliver pilot model(s) required to the designated site and leave them for 2 business days for inspection by the state inspection committee. The contractor will be required to pick up the pilot model(s) the morning following the inspection period and will meet at that time with the inspection committee to discuss any concerns. The State will not be responsible for storing of the pilot models beyond the inspection/meeting time. The inspection dates and specific location will be addressed at the Post Award Meeting.

The State reserves the right to require a separate and prior chassis pilot model inspection, if deemed necessary, at a time, date and location determined by the State.

RE-INSPECTIONS:

Any failed inspection will require the pilot model to be ready for re-inspection within one (1) week after notification of the failed inspection. Re-inspections will be held in South Carolina at a site designated by the State. The State's inspection committee is to be undisturbed by contractor's personnel until inspection is completed. Personnel from the awarded company, dealership, or manufacturer may not participate or be present in the immediate inspection area during the inspection. All questions and clarifications will be handled after the inspection has been completed. If questions or clarifications arise during the inspection, which require an immediate response, a committee member will address such with a member of the contractor's staff in an area away from the inspection. This requirement will be strictly enforced during all inspections.

PILOT MODEL PENALTY:

Contractor must provide pilot model(s) which are in final acceptable condition to the State within 45 days of the initial inspection. All pilot model inspection requests must be submitted in writing to the SCDE contract administrator. Any failed inspection will require the fully corrected pilot model to be ready for re-inspection within one (1) week after notification of the failed inspection. The State will charge \$100 per calendar day, for the affected pilot model(s), to be deducted from the invoice as liquidated damages for failure to comply with this re-inspection requirement. Pilot models that are not in final acceptable condition within 45 days of the initial inspection will be charged liquidated damages of \$100.00 per calendar day, for the affected pilot model(s), which will be deducted from the invoice for failure to complete the pilot model approval within the time required.

No buses shall be delivered until Pilot Model(s) have been inspected and granted final approval by the SCDE.

DEMONSTRATION:

The State reserves the right to require, upon its request, a demonstration/inspection of the exact and/or equivalent model school bus offered herein. Such demonstration would be performed at a facility designated by the State. Demonstration will be performed by the bidder or his authorized representative, before award of contract, for the purpose of assessing suitability of the offered equipment for the intended use and compliance with specifications. This demonstration will be at no additional charge to the State. Failure of the bidder to meet this requirement may be grounds for nullification of bid. The results of such demonstration would be considered in the award of the contract.

This information is to be provided to the user/ordering agency within 5 business days of the request. Such information shall be provided at no charge to the user.

Contractor is required to provide toll free phone numbers, if available, for user/ordering agencies to conduct business with the contractor. If orders are required to be placed with a contractor's authorized dealer, the dealer will be required to provide a toll-free number, if available.

INSPECTION:

Purchaser and/or their representative shall have inspection privileges during construction of school buses. Final inspection and acceptance will be at the delivery points specified in the contract. School Buses that do not comply with the grade of workmanship or type of materials in conformity with specifications and/or pilot model will not be accepted. Authorized inspectors and representatives of the South Carolina State Department of Education shall be admitted to any part of the factory of the contractor at any time during normal working hours for the life of the contract. They shall be given all necessary assistance in making any tests deemed necessary to determine compliance with these specifications.

Any paint chips, scratches dents or damages whatsoever that are incurred as a result of the vehicle's manufacturer and transportation to the State's designated point of delivery are the responsibility of the vendor and shall be repaired and refinished by the vendor or his representative to a "like new" condition in accordance with acceptable automotive industry standards.

These trucks must run on a timely schedule and be fully equipped for service and repairs as necessary. These trucks must be manned with trained repair personnel and shall be driven to user's site, anywhere in the state, for purpose of immediately diagnosing and repairing any problem occurring with units purchased from the contractor, including, but not limited to; recall work, air conditioning service, minor engine and body repairs, and electrical troubleshooting. It is not expected that the service truck will be equipped to perform major repair operations or complex diagnostic work. Mobile service trucks must be ready to perform services for this contract within 90 days of award of contract. Contractor's service trucks shall be so operated for a minimum period of five (5) years after award of contract. Service trucks shall arrive at user's site within 2 work days after request by user. All service truck calls shall be documented by contractor with date and time of initial service request and date and time of response. Contractor must provide diagnosis of issue(s) within 15 days of notice from SCDE. Upon diagnosis, contractor will provide timeline for repair. Priority should be given to buses deemed "out of service" so repairs will be made promptly. Contractor shall provide this information, when requested, in an electronic format within 5 days of request.

The State reserves the right to require a minimum number of service trucks if contractor does not meet the above expectations. The State also reserves the right to satisfy itself by inquiry or otherwise as to bidder's capabilities in meeting these requirements.

TRAINING (Modified)

TECHNICAL TRAINING – Contractor will be required to furnish an average of six (6) classroom man-hours of technical training per bus purchased for South Carolina transportation personnel. The exact distribution of classroom hours will be made by SCDE working with the Contractor. This training shall be provided at no additional cost and shall be completed no later than 90 days after the last replacement bus has been delivered. Training and schedule to be approved by SCDE and held at locations to cover the five established regions. Class size will be limited to 25 technicians. Duration of any class session shall not exceed 8 hours per day. (See example below.) SCDE (summer conference) training sessions will not count toward the required training hours unless training agenda approved in advance by SCDE.

The required training shall cover the following topics: (hours for each topic to be determined by SCDE).

- Online access training for parts and service manuals
- Engine maintenance/diagnostics
- Transmission maintenance/diagnostics
- Antilock brake maintenance/diagnostics
- Body electrical/ multi-plex wiring maintenance/diagnostics
- Air Conditioning maintenance/diagnostics
- Wheel chair lift maintenance/diagnostics

SCDE may request training for other topics relating to school bus maintenance as needed. The training instructor provided by the Contractor is required to be exceptionally knowledgeable in the area of training that will be offered to SCDE School Bus technicians. SCDE reserves the right to verify such instruction and to require a replacement instructor if deemed necessary.

The Contractor shall provide annually at no charge, sufficient slots for up to ten (10) personnel to attend the annual factory sponsored training workshops. Travel and lodging will be provided by the SDE.

Workshop examples are listed below:

- Blue Bird Academy
- IC Bus University
- Thomas Built Institute

Example: 300 buses are sold to Contractor A. The requirement for six (6) classroom man-hours per bus results in $6 \times 300 = 1,800$ classroom man-hours total. If the size of each class during the entire training was 20 technicians, a requirement for $1,800 / 20 = 90$ hours' actual classroom teaching time must be fulfilled by Contractor A. If each teaching day included 6 hours of actual classroom teaching time (start time to end time, excluding time taken for lunch), then there would be $90 / 6 = 15$ such 6-hour teaching days provided by Contractor A. The computation of the training provided during the contract would account for the actual number of technicians per individual class, and for each class the resulting classroom man-hours (for that class) would be credited to Contractor A against the total above requirement based on the number of buses sold.

[07-7A075-1]

Any tax the contractor may be required to collect or pay upon the sale, use or delivery of the products shall be paid by the State, and such sums shall be due and payable to the contractor upon acceptance. Any personal property taxes levied after delivery shall be paid by the State. It shall be solely the State's obligation, after payment to contractor, to challenge the applicability of any tax by negotiation with, or action against, the taxing authority. Contractor agrees to refund any tax collected, which is subsequently determined not to be proper and for which a refund has been paid to contractor by the taxing authority. In the event that the contractor fails to pay, or delays in paying, to any taxing authorities, sums paid by the State to contractor, contractor shall be liable to the State for any loss (such as the assessment of additional interest) caused by virtue of this failure or delay. - (b) method of shipment or packing;
- (c) place of delivery;
- (d) description of services to be performed;

(2) Adjustments of Price or Time for Performance. If any such change increases or decreases the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, an adjustment shall be made in the contract price, the delivery schedule, or both, and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract. Failure of the parties to agree to an adjustment shall not excuse the contractor from proceeding with the contract as changed, provided that the State promptly and duly make such provisional adjustments in payment or time for performance as may be reasonable. By proceeding with the work, the contractor shall not be deemed to have prejudiced any claim for additional compensation, or an extension of time for completion.

(3) Time Period for Claim. Within 30 days after receipt of a written contract modification under Paragraph (1) of this clause, unless such period is extended by the Procurement Officer in writing, the contractor shall file notice of intent to assert a claim for an adjustment. Later notification shall not bar the contractor's claim unless the State is prejudiced by the delay in notification.

(4) Claim Barred After Final Payment. No claim by the contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

[07-7B025-1]

CISG (JAN 2006)

[07-7B030-1]

CONFERENCE -- PRE-PERFORMANCE (Modified)

Unless waived by the Procurement Officer, a pre-performance conference between the contractor, state and Procurement Officer shall be held at a location selected by the state within fourteen (14) days after final award, and prior to

commencement of work under the contract. The responsibilities of all parties involved will be discussed to assure a meeting of the minds of all concerned. The successful contractor or his duly authorized representative shall be required to attend at contractor's expense.

CONTRACT LIMITATIONS (JAN 2006)

No sales may be made pursuant to this contract for any item or service that is not expressly listed. No sales may be made pursuant to this contract after expiration of this contract. Violation of this provision may result in termination of this contract and may subject contractor to suspension or debarment. [07-7B045-1]

CONTRACTOR PERSONNEL (JAN 2006)

The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Contract. The Contractor shall not permit employment of unfit persons or persons not skilled in tasks assigned to them. [07-7B060-1]

CONTRACTOR'S OBLIGATION -- GENERAL (JAN 2006)

The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

DEFAULT (JAN 2006)

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

[07-7B075-1]

ESTIMATED QUANTITY -- PURCHASES FROM OTHER SOURCES (JAN 2006)

The state may bid separately any unusual requirements or large quantities of supplies covered by this contract. [07-7B090-1]

ESTIMATED QUANTITY -- UNKNOWN (JAN 2006)

The total quantity of purchases of any individual item on the contract is not known. The State does not guarantee that the State will buy any specified item or total amount. The omission of an estimated purchase quantity does not indicate a lack of need but rather a lack of historical information. [07-7B095-1]

ILLEGAL IMMIGRATION (NOV 2008)

(An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. [07-7B097-1]

INDEMNIFICATION-INTELLECTUAL PROPERTY (JAN 2006)

(a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages,

settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim. (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B103-1]

LICENSES AND PERMITS (JAN 2006)

During the term of the contract, the Contractor shall be responsible for obtaining, and maintaining in good standing, all licenses (including professional licenses, if any), permits, inspections and related fees for each or any such licenses, permits and /or inspections required by the State, county, city or other government entity or unit to accomplish the work specified in this solicitation and the contract. [07-7B115-1]

MATERIAL AND WORKMANSHIP (JAN 2006)

Unless otherwise specifically provided in this contract, all equipment, material, and articles incorporated in the work covered by this contract are to be new and of the most suitable grade for the purpose intended. [07-7B120-1]

PRICE ADJUSTMENTS (Modified)

(1) Method of Adjustment. Any adjustment in the contract price made pursuant to a clause in this contract shall be consistent with this Contract and shall be arrived at through whichever one of the following ways is the most valid approximation of the actual cost to the Contractor (including profit, if otherwise allowed):

- (a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
- (b) by unit prices specified in the Contract or subsequently agreed upon;
- (c) by the costs attributable to the event or situation covered by the relevant clause, including profit if otherwise allowed, all as specified in the Contract; or subsequently agreed upon;
- (d) in such other manner as the parties may mutually agree; or,
- (e) in the absence of agreement by the parties, through a unilateral initial written determination by the Procurement Officer of the costs attributable to the event or situation covered by the clause, including profit if otherwise allowed, all as computed by the Procurement Officer in accordance with generally accepted accounting principles, subject to the provisions of Title 11, Chapter 35, Article 17 of the S.C. Code of Laws.

(2) Submission of Price or Cost Data. Upon request of the Procurement Officer, the contractor shall provide reasonably available factual information to substantiate that the price or cost offered, for any price adjustments is reasonable, consistent with the provisions of Section 11-35-1830.

This is a firm fixed price term contract. It is the intent of the Materials Management Office to maintain the bid price for the full term of the contract. Offerors are encouraged to secure pricing from the manufacturers accordingly. The price adjustment clause is included so the Materials Management Office may consider a price

increase in highly unusual market conditions. In the absence of highly unusual market conditions, the State intends to hold the original award prices flat throughout the three (3) year life of the resulting contract(s).

PRICE ADJUSTMENT - LIMITED -- AFTER INITIAL TERM ONLY (JAN 2006)

Upon approval of the Procurement Officer, prices may be adjusted for any renewal term. Prices shall not be increased during the initial term. Any request for a price increase must be received by the Procurement Officer at least ninety (90) days prior to the expiration of the applicable term and must be accompanied by sufficient documentation to justify the increase. If approved, a price increase becomes effective starting with the term beginning after approval. A price increase must be executed as a change order. Contractor may terminate this contract at the end of the then current term if a price increase request is denied. Notice of termination pursuant to this paragraph must be received by the Procurement Officer no later than fifteen (15) days after the Procurement Officer sends contractor notice rejecting the requested price increase. [07-7B165-1]

PRICING DATA -- AUDIT -- INSPECTION (JAN 2006)

[Clause Included Pursuant to Section 11-35-1830, - 2210, & -2220] (a) Cost or Pricing Data. Upon Procurement Officer's request, you shall submit cost or pricing data, as defined by 48 C.F.R. Section 2.101 (2004), prior to either (1) any award to contractor pursuant to 11-35-1530 or 11-35-1560, if the total contract price exceeds \$500,000, or (2) execution of a change order or contract modification with contractor which exceeds \$100,000. Your price, including profit or fee, shall be adjusted to exclude any significant sums by which the state finds that such price was increased because you furnished cost or pricing data that was inaccurate, incomplete, or not current as of the date agreed upon between parties. (b) Records Retention. You shall maintain your records for three years from the date of final payment, or longer if requested by the chief Procurement Officer. The state may audit your records at reasonable times and places. As used in this subparagraph (b), the term "records" means any books or records that relate to cost or pricing data submitted pursuant to this clause. In addition to the obligation stated in this subparagraph (b), you shall retain all records and allow any audits provided for by 11-35-2220(2). (c) Inspection. At reasonable times, the state may inspect any part of your place of business which is related to performance of the work. (d) Instructions Certification. When you submit data pursuant to subparagraph (a), you shall (1) do so in accordance with the instructions appearing in Table 15-2 of 48 C.F.R. Section 15.408 (2004) (adapted as necessary for the state context), and (2) submit a Certificate of Current Cost or Pricing Data, as prescribed by 48 CFR Section 15.406-2(a) (adapted as necessary for the state context). (e) Subcontracts. You shall include the above text of this clause in all of your subcontracts. (f) Nothing in this clause limits any other rights of the state. [07-7B185-1]

RELATIONSHIP OF USING GOVERNMENTAL UNITS (JAN 2006)

Each Using Governmental Unit's obligations and liabilities are independent of every other Using Governmental Unit's obligations and liabilities. No Using Governmental Unit shall be responsible for any other Using Governmental Unit's act or failure to act. [07-7B210-1]

SHIPPING / RISK OF LOSS (JAN 2006)

F.O.B. Destination. Destination is the shipping dock of the Using Governmental Units' designated receiving site, or other location, as specified herein. (See Delivery clause) [07-7B220-1]

STATEWIDE TERM CONTRACT (FEB 2021)

(a) With this solicitation, the state seeks to establish a term contract (as defined in Section 11-35- 310(35)) available for use by all South Carolina public procurement units (as defined in Section 11-35-4610(5)). Use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances, as provided in Section 11-35- 310(35). See clause entitled "Acceptance of Offers 10% Below Price" in Part

VII.B. of this solicitation. Use by local public procurement units is optional. Section 11-35-4610 defines local public procurement units to include any political subdivision, or unit thereof, which expends public funds. Section 11-35-310(23) defines the term political subdivision as all counties, municipalities, school districts, public service or special purpose districts.

(b) The State shall be entitled to audit the books and records of you and any subcontractor to the extent that such books and records relate to the performance of the work. Such books and records shall be maintained by the contractor for a period of three years from the date of final payment under the contract and by the subcontractor for a period of three years from the date of final payment under the subcontract, unless a shorter period is otherwise authorized in writing by the Chief Procurement Officer.

(c) Notwithstanding the "Purchase Orders" clause, a Using Governmental Unit may include additional contract terms in a purchase order if and to the extent necessary for the Using Governmental Unit (i) to comply with federal laws as are mandatorily applicable to an expenditure of federal assistance, grant, or contract funds, or (ii) to impose organizational, operational, or technical security measures designed to protect the integrity, availability, or confidentiality of the Using Governmental Unit's data. Additional contract terms may not be used if they involve an increase in pricing or materially alter the scope of work. Contractor may decline to honor a purchase order that includes additional contract terms, but only if the Contractor provides the applicable Using Governmental Unit with prompt written notice of such rejection and the work acquired with that purchase order has not begun. For purposes of a specific purchase order, Contractor accepts additional contract terms by performing any of the work acquired with that purchase order. As used herein, "additional contract terms" means only those additional terms not otherwise expressly allowed by this contract.

(d) EFT information the Contractor provides to the State Treasurer's Office (STO) is only used to process payment of invoices to Using Governmental Units on whose behalf the STO makes payment. For all other Using Governmental Units the method of payment must be addressed in the purchase order. See clause titled "Payment & Interest."

(e) If the contractor is suspended or debarred pursuant to Section 11-35-4220, the State may, without prejudice to any other remedy available to the State, take any one or more of the following actions: (1) order the contractor to not accept any further orders under the contract until the suspension or debarment has been lifted; (2) terminate this contract; (3) order the contractor to not accept any further orders under any other statewide term contract; or (4) terminate the contractor's award of any other statewide term contract. [07-7B225-4]

STATEWIDE TERM CONTRACT - ACCEPTANCE OF OFFERS 10% BELOW PRICE (NOV 2012)

With regard to the items acquired, the alternate vendor must agree to be bound by all the terms and conditions of this contract. All acquisition pursuant to this clause must be documented by the procurement officer using the attached form. [07-7B227-1]

STATEWIDE TERM CONTRACT -- SCOPE (JAN 2006)

The scope of this contract is limited by the Bidding Schedule / Cost Proposals and by the description included in Part I, Scope of Solicitation. Sales of supplies or services not within the scope of this contract are prohibited. See clause entitled Contract Limitations. [07-7B230-1]

TERM OF CONTRACT -- EFFECTIVE DATE / INITIAL CONTRACT PERIOD (JAN 2006)

The effective date of this contract is the first day of the Maximum Contract Period as specified on the final statement of award. The initial term of this agreement is 1 year, 3 months, 21 days from the effective date. Regardless, this contract expires no later than the last date stated on the final statement of award. [07-7B240-1]

TERM OF CONTRACT -- OPTION TO RENEW (FEB 2021)

At the end of the initial term, and at the end of each renewal term, this contract shall automatically renew for a period of 1 year, unless contractor receives notice that the state elects not to renew the contract at least thirty (30) days prior to the date of renewal. Regardless, this contract expires no later than the last date stated on the final statement of award. [07-7B245-3]

TERM OF CONTRACT -- TERMINATION BY CONTRACTOR (JAN 2006)

Contractor may terminate this contract at the end of the initial term, or any renewal term, by providing the Procurement Officer notice of its election to terminate under this clause at least 90 days prior to the expiration of the then current term. [07-7B250-1]

TERMINATION FOR CONVENIENCE -- INDEFINITE DELIVERY / INDEFINITE QUANTITY CONTRACTS (JAN 2006)

Unless the termination so provides, a termination for convenience shall not operate to terminate any purchase orders issued prior to the effective date of termination. [07-7B255-1]

TERMINATION FOR CONVENIENCE (JAN 2006)

(1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in accordance with the standards of Uniform Commercial Code Section 2-706. Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph:

(i) contract prices for supplies or services accepted under the contract;

(ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;

(iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;

(iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.

(5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the State's right to require the termination of a subcontract, or (ii) increase the obligation of the State beyond what it would

have been if the subcontract had contained an appropriate clause.
 [07-7B265-1]

Withholding Requirements for Payments to Nonresidents: Section 12-8-550 of the South Carolina Code of Laws requires persons hiring or contracting with a nonresident conducting a business or performing personal services of a temporary nature within South Carolina to withhold 2% of each payment made to the nonresident. The withholding requirement does not apply to (1) payments on purchase orders for tangible personal property when the payments are not accompanied by services to be performed in South Carolina, (2) nonresidents who are not conducting business in South Carolina, (3) nonresidents for contracts that do not exceed \$10,000 in a calendar year, or (4) payments to a nonresident who (a) registers with either the S.C. Department of Revenue or the S.C. Secretary of State and (b) submits a Nonresident Taxpayer Registration Affidavit - Income Tax Withholding, Form I-312 to the person letting the contract.

The withholding requirement applies to every governmental entity that uses a contract ("Using Entity"). Nonresidents should submit a separate copy of the Nonresident Taxpayer Registration Affidavit - Income Tax Withholding, Form I-312 to every Using Entity that makes payment to the nonresident pursuant to this solicitation. Once submitted, an affidavit is valid for all contracts between the nonresident and the Using Entity, unless the Using Entity receives notice from the Department of Revenue that the exemption from withholding has been revoked.

Section 12-8-540 requires persons making payment to a nonresident taxpayer of rentals or royalties at a rate of \$1,200.00 or more a year for the use of or for the privilege of using property in South Carolina to withhold 7% of the total of each payment made to a nonresident taxpayer who is not a corporation and 5% if the payment is made to a corporation. Contact the Department of Revenue for any applicable exceptions.

6. We are already registered with the South Carolina Secretary of State (Entity ID XXXXXXXXX) to conduct business and we are registered as a vendor - company has been conducting business in South Carolina for years.

We were in the process of getting set up with a South Carolina Motor Vehicle Dealer License and noticed that it wasn't a requirement in the Invitation for Bid.

Since we are expanding our XXXXXXXXX coverage area by taking over the South Carolina territory, can we fulfill the administrative requirements though our main bus operation in North Carolina?

We have service facilities in territory, as well as mobile field service technicians, so we will meet all contract requirements.

In summary, we will complete the administrative process through our main office in North Carolina and will deliver and support the units in South Carolina.

Let me know if this is acceptable or not.

State's Response: *Yes, as far as the SCDE, Office of Transportation is concerned, this would be acceptable.*
